

Landmark Clinical Trials Revisited: 3 and 5 Year Results

February 16-17, 2018

Fullerton Marriott, Anaheim, California

Sponsored by University of Kansas Medical Center Continuing Education & Professional Development and Critical Care Cardiology, Inc. and endorsed by the California Chapter of the American College of Cardiology

California CHAPTER

COURSE DIRECTOR

Vimal I. Nanavati, M.D., FACC, *Critical Care Cardiology, Inc., Bonita, CA*

OVERVIEW

Many new advances over the years have come and gone as merely a fad. Others have ended up being a mainstay in our current standard of care. It is only with critical reappraisal of 3 and 5 year results of these advances will we be able to discern the difference.

TARGET AUDIENCE

This conference is designed for cardiologists, physicians, PA, NP and medical students.

OBJECTIVES

At the completion of this meeting, participants should be able to:

- Measure awareness of the main advances in Cardiology over the last five years.
- Examine methods by which major advances have impacted on the major disease processes in Cardiovascular Medicine.
- Apply the new data received to determine if the new advances will be viable solutions for the future.
- Review if the new advances discussed will or will not become part of standard of care in cardiovascular medicine.

PLANNING COMMITTEE

Vimal I. Nanavati, M.D., FACC, *Critical Care Cardiology, Bonita, California*

DJ Lakireddy, M.D., FACC, *Cardiology, University of Kansas Medical Center, Kansas City, Kansas*

Lori Haney, *Senior Program Manager, University of Kansas Medical Center, Kansas City, Kansas*

ACCREDITATION

All participants are required to sign attendance rosters at the beginning of each day. A certificate of completion will be provided to all activity participants based on completion of the program evaluation, documentation of actual attendance time, and payment in full. If you are not paid in full, a link to complete evaluation and get your certificate will be emailed to you upon receipt of payment.

Physicians: The University of Kansas Medical Center Office of Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The KU Medical Center Office of Continuing Medical Education designates this live activity for a maximum of **6.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Notice - Physician Information

Collection: For physician attendees, the Open Payments to Physicians (Sunshine Act) may require the company supporters(s) to report to CMS the value of some items associated with this activity. For proper reporting, we will be asking for

your NPI (National Provider Index) number and a state license number.

ACKNOWLEDGMENTS

Financial contributions and supporters of this program will be acknowledged in print at the symposium.

EXHIBITS

Commercial vendors are invited to exhibit at this meeting. Limited exhibit space will be available. Call Hannah Franzen at 913-588-4488 or e-mail hfranzen@kumc.edu for an application or more information.

AGENDA

FRIDAY, FEBRUARY 16

5 p.m. Reception/cocktail bar

SATURDAY, FEBRUARY 17

7 a.m. Continental breakfast and registration

7:30 a.m. Welcome and introduction

7:40 a.m. CA ACC overview

7:45 a.m. Long-term results of PFO closure
Stefan Bertog, M.D., Ph.D.

8:45 a.m. 10-year data on Atrial Fibrillation Ablation. Does it help prevent thrombus and stroke in high CHADS Score Patients?
DJ Lakkireddy, M.D., FACC

9:15 a.m. Long-term data on replacing SAVR with TAVR. What does the data show? Is the TAVR a durable fix to SAVR failure?
Danny Dvir, M.D.

9:45 a.m. Q & A

10 a.m. Break/visit exhibits

10:30 a.m. Long-term results of Lariat device. What have we learned since initial study?
Randall Lee, M.D., Ph.D., FACC

11 a.m. Why is long-term data important to the field of medicine and cardiology
Keynote Speaker:
Anthony DeMaria, M.D., MACC

11:30 a.m. Long-term results of PCI in Kawasaki disease
John Gordon, M.D., FACC

12 p.m. Q & A

12:15 p.m. Lunch

1 p.m. 5-year results of PREVAIL Trial
Matt Price, M.D., FACC

1:30 p.m. Long-term results of Amulet device for closure of LAA
Jonathan Hsu, M.D., MAS

2 p.m. Five years of DOACs - Review of data
Vimal I. Nanavati, M.D., FACC

2:30 p.m. Q & A

2:45 p.m. Break/visit exhibits

3:15 p.m. Long-term results of hemodynamic supported PCI in the high-risk elective PCI setting
Pranav Patel, M.D., FACC

3:45 p.m. Long-term data on VT Ablation
Gregg Feld, M.D., FACC

4:15 p.m. Closing comments/adjourn
